Bespoke Clothing

Get conventions off your back!

We offer a splendid bespoke service to meet individual styling & design requirements, a fantastic service to facilitate your image and further your brand's awareness. From the most intricate trim detailing to simplistic designs; we're passionate about getting it right. Whether its Polos, T's, Organic Clothing, Fleece Jackets and Formal shirts, to more complex garments with embroidery and print detailing; we're happy to have a go.

Give us a call now and see how we can simplify things for you. All it takes is three easy steps :

1. Get a Quote
2. Get a sample made
3. Place the order on approval of the sample.

Bespoke Clothing

FACILITIES

We have a vertical manufacturing operation producing high quality fabrics and garments.

We produce garments in viscose, cotton, polyester & acrylic in different weights and constructions. We also have in-house facilities for direct, reactive and jey dyeing, brushing, soft setting & compaction facilities.

FABRICS & DESIGNS

We specialise in knits, microfleece, wovens & jerseys, available in different compositions for your exact requirements. We also manufacture fabrics like single jersey, interlock, three end fleece, single & double pique, single jersey with 6% Lycra. To ensure all details are clear, sampling if required; is carried out on receipt of complete information pertaining to shade references, specifications, embroidery files, work sheets & art work.

EMBROIDERY & PRINTING

We provide embroidery & printing services (for special orders only) carried out overseas at our factories, utilizing the latest techniques & equipment. For further details give us a call.

MINIMUM QUANTITIES

Bespoke Minimum quantity per Order:
1000 pieces

Bespoke Minimum quantity per Colour:
500 pieces
(Applicable for Polos, Sweats, Fleece Jackets, Rugby Shirts)

For Bespoke Minimum Quantities of T Shirts, Formal Shirts and other items, please call for details.

LEAD TIMES*

[Delivery Timeframes for a Basic Product](#)
Sampling: 2-3 weeks upon receipt of complete information

Delivery of Order: 8-10 weeks from date of Sample Approval

[Delivery Time for Complex Products](#)
Sampling: 3-4 weeks upon receipt of complete information

Delivery of Order: 10-12 weeks from date of Sample Approval

PAYMENTS

We provide flexible terms for payments. Please enquire for further details

*Delivery times are for guidance only & subject to/dependent on information provided, complexities & work involved. We will not be responsible for delays caused by amendments made by the customer and/or delays caused by Shipping Lines and Air Lines.

Vierge

Caring for your Uneek Garment

WASHING

Before washing, always look at the care label and carefully follow the instructions. Most good quality detergents, washing machines and fabrics are manufactured to ensure that when the stated instructions are adhered to and the garment is washed according to the said temperature and dried as per the procedures mentioned; they will wash well and look good after each wash.

The following pointers should be used as guidelines for all garments:

- Subsequent to washing, close all zips, undo buttons, check pockets for loose or sharp objects, fl atten out collars and cuffs.
- Always refer to the Label before Washing.
- Turn Garments inside out to avoid and reduce abrasion caused by other garments, trims, and contamination by fi bres from other garments during the wash cycle.
- Always check to ensure the Washing Machine is not overloaded
- Use a good quality detergent and ensure that the right amount of detergent is used.

PRINTING

Owing to the numerous processes and techniques used for printing on garments, we strongly recommend that a single garment is printed on, then washed and tested to ensure it meets your requirements before bulk printing. Care should be taken to ensure the right kind of pigments/printing dyes are used while printing and the optimum temperature/heat levels are not exceeded. Violation of standards and procedures will result in the garment loosing it's feel/lustre as well as weakening of the fabric and overall garment performance.

CARE ICONS

 60 Degree Wash: Spin Cotton Cycle

 60 Degree Wash: Spin Synthetic Cycle

 40 Degree Wash: Spin Cotton Cycle

 40 Degree Wash: Spin Synthetic Cycle

 Warning: Do not Tumble Dry

 Dry Clean: Normal Cycle Any Solvent except Trichloroethylene

 Warning: Do not Dryclean

 Warning: Do not Bleach

 Low Heat

 Medium Heat

 High Heat

PROBLEM	SOLUTION/PRECAUTION
Garment Shrinkage	Excessive Shrinkage is primarily due to factors such as heat and major agitation during the wash cycle. Always wash as per instructions stated on the care label.
Fading Due to Sunlight	The effects of fading due to Sunlight are both harmful & irreversible. Constant and prolonged exposure to sunlight should be reduced as far as possible.
Pilling & Bobbling	Abrasion and lack of care and timely washing of the garment leads to fi bre balls appearing on the surface of the fabric. Remove by mild surface brushing.
Trims/Accessories Breaking off	Trims & accessories like zippers, toggles, pocket lining and elastic cords are constructed for normal usage. Extensive abuse of the garment involving sharp objects, work areas with machinery and even the odd outburst of brute force results in the garment being damaged. Precaution & Care should be taken at all times.
Colour Staining	Wash similar coloured garments together. Do not leave damp garments together for any length of time.
